

## Rex-Royal S2 CSTI

## Rex-Royal S2 CSTI

In addition to making coffee and hot water and manually frothing milk, you can also use the Rex-Royal S2 CSTI to make chocolate and vanilla creations. With our instant solution, you can do this at the push of a button. With the two integrated instant containers, incomparable, smooth, creamy and indulgent chocolate drinks and mixed drinks with a hint of vanilla or coffee and chocolate are a matter of course for the S2 CSTI.

### Features

I- Instant

S- Steam

T- Hot Water

C- Coffee

### Advantages

#### High-quality metal brewing unit

Premium coffee quality thanks to the high-quality, more powerful Rex-Royal metal brewing unit with a capacity of 16 grams of ground coffee per brewing operation

#### 28 l/h hot water supply

Hot water supply at a rate of up to 28 litres per hour

#### Intuitive menu navigation

Simple to run and maintain thanks to visual user prompts and automatic cleaning

#### Sales promotion on TouchScreen

Place advertising messages and ambient images on the display

#### Barista steam lance as fresh milk foamer

Barista steam wand to froth up fresh milk

#### Add-On units

With options like cup warmers, cup dispensers and mobile solutions, the Rex-Royal coffee machines are perfectly suited to meet your requirements

#### Simultaneous dispensing of hot water, steam and two coffee products

Possible to simultaneously supply hot water, steam and 2 coffees

#### Video-capable 7-inch TouchScreen

Intuitive menu navigation thanks to the 7-inch touch screen for the simple and efficient selection of a drink

#### With two integrated instant containers

Two integrated instant powder containers expand the drinks menu to include deliciously smooth and creamy chocolate creations or mixed coffee and vanilla drinks

#### Short maintenance times

Modular construction for short intervention and maintenance times for a long-term and secure investment

#### Temperature monitored automatic foaming

Optional PowerSteam frother to automatically froth up the fresh milk and monitor the temperature

#### Highest hygiene standards

Automatic, HACCP-certified cleaning process guarantees the machine will run in a perfectly hygienic way with minimal time expenditure
