

## Rex-Royal S2 MCT

## Rex-Royal S2 MCT

Using its efficient Rex-Royal milk system, the S2 MCT makes fresh milk into a fine-pored froth at the push of a button. That means it can combine any milk speciality, such as a cappuccino or latte macchiato, in perfect quality, even as a double product.

With the professional Rex-Royal tea/steam boiler, which has an hourly hot water output of up to 28 litres, it is possible to make tea and coffee or other mixed drinks at the same time.

A variety of possible combinations and options such as various compressor fridges, cup warmers, cup dispensers, etc., make it possible for every user to adjust the S2 MCT to meet their requirements. The automatic, HACCP-certified cleaning process guarantees the machine will run in a perfectly hygienic way with minimal time expenditure.

## Features

M- Fresh Milk

T- Hot Water

C- Coffee

## Advantages
