

Rex-Royal S2 MCTI

Rex-Royal S2 MCTI

In addition to the efficient Rex-Royal milk system, the S2 MCTI can create a range of other drinks like chocolate or vanilla creations using an instant module integrated into the coffee machine. The modular construction and a variety of possible combinations and options such as various compressor fridges, cup warmers, cup dispensers, etc., make it possible for every user to adjust the S2 MCTI to meet their requirements. The automatic, HACCP-certified cleaning process guarantees the machine will run in a perfectly hygienic way with minimal time expenditure. The S2 MCTI represents greater variety on every level.

Features

M- Fresh Milk

I- Instant

T- Hot Water

C- Coffee

Advantages

High-quality metal brewing unit

Premium coffee quality thanks to the high-quality, more powerful Rex-Royal metal brewing unit with a capacity of 16 grams of ground coffee per brewing operation

Video-capable 7-inch TouchScreen

Intuitive menu navigation thanks to the 7-inch touch screen for the simple and efficient selection of a drink

With two integrated instant containers

Two integrated instant powder containers expand the drinks menu to include deliciously smooth and creamy chocolate creations or mixed coffee and vanilla drinks

Short maintenance times

Modular construction for short intervention and maintenance times for a long-term and secure investment

Refrigerator units for 4, 7, 9 or 10 liter fresh milk - (S1 & S2)

A variety of cooling units with a fresh milk capacity of 4, 7, 9 or 10 litres. The 10-litre compressor fridge can ONLY be used under the sideboard.

Highest hygiene standards

Simultaneous dispensing of hot water and two coffee products

Possible to simultaneously supply hot water and coffees, even as a double product

Intuitive menu navigation

Simple to run and maintain thanks to visual user prompts and automatic cleaning

Sales promotion on TouchScreen

Place advertising messages and ambient images on the display

Wonderful fine-pored milk foam

Make fresh milk into a perfect-quality fine-pored froth

Add-On units

With options like cup warmers, cup dispensers and mobile solutions, the Rex-Royal coffee machines are perfectly suited to meet your requirements

Automatic, HACCP-certified cleaning process guarantees the machine will run in a perfectly hygienic way with minimal time expenditure
