

# Rex-Royal S300 CTH

## Rex-Royal S300 CTH

With the professional tea/steam boiler in the range of S300 CTH models with an hourly hot water output of up to 35 litres, it is possible to make tea and coffee at the same time, even as a double product. Thanks to the optional heated coffee spout, a perfect, hot espresso is always guaranteed, even if the machine isn't used for a long time. The interactive 10-inch touch screen uses symbols/pictures to intuitively guide you through our attractive drinks menu and makes the high-performance S300 CTH the perfect coffee machine, from a ristretto to a café crème.

### Features

T- Hot Water

C- Coffee

### Advantages

#### Simultaneous dispensing of hot water and two coffee products

Possible to simultaneously supply hot water and coffees, even as a double product

#### Sales promotion on TouchScreen

Place advertising messages and ambient images on the display

#### Heated coffee outlet

With the optional heated coffee spout, a perfect, hot espresso is guaranteed, even if the machine isn't used for a long time

#### Add-On units

With options like cup warmers, cup dispensers and mobile solutions, the Rex-Royal coffee machines are perfectly suited to meet your requirements

#### Video-capable 10-inch TouchScreen

Intuitive menu navigation thanks to the 10-inch touch screen for the simple and efficient selection of a drink from a range of up to 24 products

#### Short maintenance times

Modular construction for short intervention and maintenance times for a long-term and secure investment

#### Automatic height adjustable drinks outlet

Due to the automatic outlet, the front of the machine keeps always clean. This because the outlet positions himself always at the right height of the cup or the tea-glass

#### Highest hygiene standards

Automatic, HACCP-certified cleaning process guarantees the machine will run in a perfectly hygienic way with minimal time expenditure
