

Rex-Royal S500 CT

Rex-Royal S500 CT

The Rex-Royal S500 CT is one of the most efficient fully-automatic coffee machines on the HORECA market. With a variety of coffee drinks and a hot water output of up to 58 litres per hour, it fulfils the highest requirements of professional catering. In addition to a single product you are able to brew two at once, such as two espressos or two coffees, and simultaneously and continuously receive hot water. The solid design of the brewing unit, with a capacity of 23 grams of ground coffee, is designed with durability and easy maintenance in mind.

Features

T- Hot Water

C- Coffee

Advantages

Simultaneous dispensing of hot water and two coffee products

Possible to simultaneously supply hot water and coffees, even as a double product

Video-capable 10-inch TouchScreen

Intuitive menu navigation thanks to the 10-inch touch screen for the simple and efficient selection of a drink from a range of up to 24 products

Short maintenance times

Modular construction for short intervention and maintenance times for a long-term and secure investment

Third grinder optional available

Can be optionally equipped with a third grinder

Add-On units

With options like cup warmers, cup dispensers and mobile solutions, the Rex-Royal coffee machines are perfectly suited to meet your requirements

58 l/h hot water supply

Hot water capacity at a rate of up to 58 litres per hour

Sales promotion on TouchScreen

Place advertising messages and ambient images on the display

Standardly equipped with two grinders

Equipped with two precise, quiet and powerful grinders as standard

Automatic height adjustable drinks outlet

Due to the automatic outlet, the front of the machine keeps always clean. This because the outlet positions himself always at the right height of the cup or the tea-glass

Highest hygiene standards

Automatic, HACCP-certified cleaning process guarantees the machine will run in a perfectly hygienic way with minimal time expenditure
